Summary

Biomedical technician, holder of excellence training in Prince Sultan Military Medical City, I am good at working as a Biomedical technician , health care and the basics of Biomedical Engineering

Skill Highlights

- Strong decision maker
- Complex problem solver
- Creative design
- Innovative
- Service-focused

Experience

I was working in the Green Crescent Hospital from the beginning of 02/03/2021 until 07/08/2021. The reason for leaving the job was my acceptance at Al-Shumaisi Hospital.(King Saud Medical City) and I did not continue working with them because of the distance from home and the poor salary, as transportation is expensive .

Education

Diploma of a graduate of the Technical College in Riyadh.
(year, 02/01/2020) with a GPA of 3.38 out of 5 and a good grade in medical devices for two and a half years

Certifications

- 1- A course from the Saudi Council of Engineers in Introduction to Quality in Healthcare Technology (9/15/21),
- 2- A course from the Saudi Red Crescent in cardiopulmonary resuscitation and first aid for chemicals(CPR)
- 3- A course from Tamer Company on the Ultrasound Device Model "DC-N3 Pro"
- 4- A course from Maintenance Program of Hospital Biomedical System completed this March day of 02
