

Ali Abdrabalnabi Al Dawood

| Electrical Technician |

Al-Qatif | Saudi Arabia • ali_fife@hotmail.com • 0566810015

I aspire to achieve professional success by developing and enhancing my skills and personal capabilities. My goal is to be an effective member of the team I collaborate with, striving to achieve organizational objectives by inspiring innovation and creativity. Additionally, I aim to build a career path based on accomplishments and excellence, contributing actively to the success of the company or organization I work with. I have diverse experiences in the field of electrical installations, maintenance, and supervision and administrative work. I also seek to leverage my skills in applying safety protocols and collaboration with diverse teams to efficiently accomplish organizational goals.
