

Abdalrahman Saleh Alluqmani

Mechanical Maintenance

Talented mechanical maintenance technician with extensive training experience working with diverse tools and equipment in oil and gas environment. Proficient in installing equipment, identifying customer requirements, repairing broken machines, making routine maintenance and performing initial testing and optimization procedures to ensure efficient operation. Skilled in analyzing complex issues, building and strong relationship with teams and engineers, finding fault, sharing ideas with others, and explaining technical material. Currently, I am seeking a good position where I can utilize my technical skills & knowledge to contribute to the overall success of the organization.
