EDUCATION HISTORY

JUBAIL INDUSTRIAL COLLEGE

- Diploma of Instrumentation and control
- 2017-2021

TRAINING

- Electrical power system Est
from June 2021 to October 2021

SUMMARY

I'm an instrumentation and control technician with high knowledge of plant variables such as pressure, temperature, level and flow rate. I'm also familiar with the instrument used to control and measure these variables

on my training period I got familiar with SCADA system, RTU and different types of fault indicators.
