- **Resident Visa:** Transferable • **Language:** Arabic(Mother) & English(Fluent)

Career Objective

Motivated, organized with strong attention to details while managing multiple priorities, and commitment to meet deadlines

- **Committed to** Provide high-quality technical support, system, and data maintenance to contribute to the effective provision of Repair & Maintenance services, independently or as part of a team. Keeping Company tools and equipment performing to the highest standard.
- **Willing to** travel, relocate, learn new things, gain new experience, and enjoy challenges.
- **Looking for** a new opportunity where I can fully utilize my Personal & technical skills and experiences that I've gained

Qualification Summary

- More +10 years' experience in the oil industry with Schlumberger company as a **Sr. MWD Electronic Maintenance Technician (ET-3). Team Leader**
- Hand on experience **providing** technical support for field equipment from service level test, assembly, disassembly, repair, maintenance, Installing, modifications, configuration, and calibration with basic knowledge of mechanical, hydraulics.
- Proactive leadership with the expertise to troubleshooting, complex problem Solving and critical thinking.
- Understands and committed all safety considerations associated with MWD downhole tools (Workshop Safety, Mechanical Lifting, Lithium Battery, HARC, PPE).
- Excellent electronic soldering and Crimping skills and have the ability to read and interpret blueprints, wiring diagrams, assembly prints, parts list and follow formal procedures and maintenance practice.
- Delivering high quality measurements services to clients at the wellsite.

| • Surface System | • LWD Procedures and Tasks | • Directional Drilling Basic |
| • MWD Telemetry | • LWD Operations | Math |

Work Experiences

Schlumberger, Yemen

MWD Field Specialist

Schlumberger

Jan 2016 – Jun2018

- Tool preparations, data acquisition, log generation, Quality Control (QC), and delivery of the services (logs, digital data, and reports) to the customer at the well site on time and meet all standards.

Schlumberger, Yemen & Pakistan

MWD Repair & Maintenance Electronic Technician III. Team Leader

Schlumberger

Apr 2007 – Jun 2018

Duties:

- Carrying out incoming/outgoing system test (IST/OST) for **Slim Puls Electronic Cartridge (SPECIII)**. These include: Service level Test, Assembly and Disassembly, Associated Calibration test (UDI & UGRM), Modification (MR's & TIR's), Troubleshooting to board- or component-level repair, Flagged Failure on the work order.

- Carrying out incoming/outgoing system test (IST/OST) for Power Drive Control Unit (PDCU X6). These include: Service level Test, Assembly and Disassembly, Associated Calibration test (D&I & GR), Modification (MR's & TIR's), Troubleshooting to board- or component-level repair, Flagged Failure on the work order.
- Supporting the field operations and carrying out all required maintenance level, repair and troubleshoot of well site Surface Acquisition System equipment (i.e. Surface Sensors, Sensor Peripherals, Computers, the Logging Unit, Peripheral Components, and VSAT System.)
- Check incoming equipment matches with the shipping document, identifies received equipment as RONG and is placed to designated area, and update equipment status (rig, base, etc.) in Tracing System (QTrac).
- Follow up updated Fixed Asset list and Spare Parts / down for a parts list.
- Share best practices and ensure compliance with all technical releases.
- Perform 5S project, Lean and cost savings programs, 15 Keys, CAT Audits.

Achievement:

- Achieved competency level 3 on MWD Tool - **Slim pulse (SPECIII)**
- Achieved competency level 3 on MWD Tool - Power Drive X6.
- Achieved competency level 3 on Well site Surface Acquisition System -Expert.
- Successful achieved Reduction in Down for Part (DFP) below 0.5 % and Tool Availability > 82%.
- Successful achieved M & S <= 7% of Monthly revenue.

Education

Technical Industrial Institute | Aden.

Electronic & Telecom Engineering Technician.

Sep 1999 -Sep 2001

- GPA: 90.70/100

Training Courses / Certifications Related Work

SCHLUMBERGER, MIDDLE EAST LEARNING CENTER (MLC) | Dubai, Mumbai, and Sana'a

- **MWD Tool – Power Drive X5, X6 and Exceed (On Job Training).** Mumbai, India **01 Mar – 15 Apr, 2015**
- **MWD Tool - Slim pulse (SPECIII), (On Job Training).** Masilla, Yemen **01 Jan – 30 Oct, 2012**
- **Electronic Surface Acquisition System Technician (Level 3) / Dubai** **17 Apr – 21 Apr, 2011**
 - ✓ Advance Course Lvel3 in failure Support Documentation, Fault Tree Analysis, and Detailed Failure Investigation (Gathering Information – Environmental Screening – Diagnosis of Failure Cause – Repair – Qualification of Repair).
- **OFC LEVEL1&2 / Dubai** **01 Apr – 07 Apr, 2007**
 - ✓ Communications skills, Time management, reporting skills, Team building, Solving problem.

Safety Training	Duration	Month/Year
QHES 2 and Observation / Intervention	On Going	On Going
Schlumberger Job Related Training (Circadian Rhythm, Data Quality, Electrical Safety, Employee Security, Environment, Fire Safety, H2S Safety , Hazard Identification, Hazardous Materials, Health and Hygiene, Lithium Battery , Lock-Out Tag-Out, Mechanical Lifting, Noise/Nuisance, Permit To Work, PPE, Pressure , QHSE, QUEST, Radiation , SLR Radiation Safety , Substance Abuse, Working at Heights, Working at Heights, Workshop Safety, D&M Anti-collision , D&M Radiation , D&M Radiation Update , D&M Shock and Vibration , E&C Anti-corruption, E&C Discrimination & Harassment, E&C Immigration, E&C Intellectual Property, IT Security Laptop Theft Prevention, IT Security, Commentary Task Assessment (SIPP), DT Light Vehicle Skill, SIPP Level2, Accountability)	On Going	On Going

Rewards & Reporting Appreciation

- Certificates of Appreciation for valuable reporting contribution in QHES activities, 2012 for SLB Yemen.
- Certificates of Appreciation for valuable reporting contribution in QHES activities, 2011 for Drilling and Measurement (D&M) Segment.

Additional Skills

Technical Skills on Hand

- MS Office package, Advanced understanding of Excel databases including formulas and creating graphs from data sets — **10 Years**
- Facilities management software — QTrac, ETrace, and MFG Pro....
- Hand skills, Ability to use Soldering (3M workstation or portable soldering iron), Crimping, Oscilloscope, Fluke Digital Multi Meter, Frequency Generator, Spectrum Analyzer, Ohm Meter, Equipment ESD prevention, and electronic test equipment — **(10 Years)**.

Knowledge

- Computers, Electronics, and Electrical— Knowledge of circuit boards, processors, chips, electronic equipment, and computer hardware and software, including applications and programming.
- Production and Processing — Knowledge of raw materials, production processes, quality control, costs.
- **Practical knowledge 5S World Class Manufacturing(WCM), Lean and cost savings programs.**

Interpersonal Skills

- Equipment Installing, Repairing, Maintaining — **(10 Years)**.
- Critical Thinking, Complex Problem Solving, and Troubleshooting — **(10 Years)**.
- Planning, and ability to adjust to a foreign environment.
- Active Listening and Helpful.

Detailed Work Activities

- Documenting/Recording Information
- Interpret Assembly & Schematic drawings
