Objective

I'm a fresh graduate who have high motivation, curiosity and ambition to prove myself in my next job and to be a key player in my new organization.
I'm looking forward to apply the knowledge that I have gained as a Computer Programming graduate, the aspects that I have worked on during my study in Institute of Public Administration, during my self-learning to build my career by working hard and smart to gain experience and to achieve my future goals and dreams.

Education

Associate's degree in Computer Programming 2018 - 2020
Institute of Public Administration, Riyadh (4.82 out of 5).

Bachelor of Engineering Technology degree in Computer Programming 2020 – present
College of Telecom & Information, Riyadh.

Projects

ADTVenue.com (Senior project for Institute of Public Administration):

A freelance web application built using ASP.Net framework with C# which consists of three main sections:
1-Analysis section: for freelancer's analysts ...etc.
2-Development section: for freelancer's developers ... etc.
3-Testing section "Cyber security": for freelancer's penetration testers ...etc.

MIL Cities (Volunteered in this project):

Helping my team to build a hybrid mobile application using Ionic framework with Angular framework for iOS & Android platforms, this application is associated with VMILCOP.org "Virtual Media and Information Literacy Organization for Cyber Peace".
