## SKILLS & COMPETENCES

Skills and martial arts take a lot of time and interests, as I love the art of painting and coloring and the arts Innovation and creativity of all kinds, and the arts of puzzle and intelligence. 2. Technology and its rapidly evolving development have become one of the most important concerns of the general public and have become a measure of progress. Which reached the gods of inimitable human minds. 3. I joined a number of volunteer activities on coordination, arts and decorations. 4. I love the care of children and translate their movements and question them on the real reality. 5. Awareness of the family is a hope I hope to achieve.
