PROFESSIONAL SUMMARY

Searching for a job is in itself the means through which I try to reach my goal, which is to achieve strategic goals in my life and prove my personal direction on the professional and social level.

EDUCATION

May 2020

Diploma: Computer Networks

Technical College | Afif, King Khaild

Thankfully, I finished studying computer networks with an average grade of 4.63, and during the study period, I acquired many skills in the field of networks.

WORK HISTORY

Jan 2020 - Mar 2020

Cooperative Training

Field Training - Afif

• I was trained in the maintenance and repair of printers and computers. I also had a great role in determining and repairing some computer faults, and I connected some printers and created a cloud connection between networks.
