EHAB KHALIFA

I am willing and eager to learn new skills and willing to work long hours if needed. I am able to start immediately. If given the opportunity, I will work my best and I will try to provide my full support and all my dedication to your company. Being a perfectionist, I strive to deliver the best. I am a fast learner and hardworking towards the tasks given and will seek the best ways to complete the assignments given. I am dedicated to every job I am into. I am very keen and interested in this position as I believe that I am equipped with effective communication skills and strong leadership qualities that enable to deliver effective training. I can perform under pressure and I believe that healthy pressure is positive and challenging that drive me to do even better. I am patient and friendly towards all persons to ensure a comfortable and professional working environment will be achieved. Given the opportunity to work in your company will be such a great honor and a great learning experience for me. Please kindly consider me. I'd like to thank you for the time taken into viewing my application. Thank you for considering this application. Your attention is deeply appreciated.
