EDUCATION

- 2001-2003 **Vocational institute** Computer Science
Diploma of two years in Windows operating system, office applications, maintenance and networks
- 2003-2004 **technical seminar center** Engineering Drawing
Diploma of Engineering Drawing in Autocad, MicroStation, Manual drafting, English Language and Office Programs

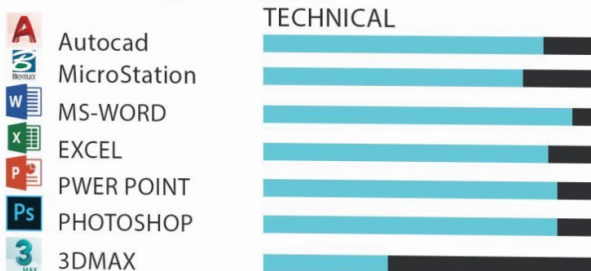

EXPERIENCE

- 2004-2005 **Mohamed Al-Ojaimi Group** CADD OPERATOR
Work on government projects, road works and Aramco projects in the following works Construction to EHV electrical substations. Testing and Commissioning of high voltage 230/132kV substations. Modifications of Instrumentation Systems. Construction of SCADA / Tele-protection / Communications (Power Line Carriers, Fiber Optic, Data Tier. Electrical Extra High Voltage / High Voltage/Medium Voltage Loose Equipment (Switchgear, Transformers, UPS etc.).
- 2005-2006 **ABDULLA FOUAD CO.** CADD OPERATOR
I worked in the Department of Industrial Security and made the necessary drawings for the systems of surveillance cameras and fire alarm systems and security fences and all related to industrial security in the following projects: Haradh Gas Plant, AL-Khafji, Joint operators, AGOC-KGOC. Sasref Jubail Ind.City. Samref, Jubail Ind.City. IDAS Aramco, GOSP1, Qatif North.
- 2006-2007 **WORLEYPARSONS** CADD OPERATOR
I worked Microstation producing all types of Electrical drawings for SAUDI ARAMCO Offshore Maintain Potential Project. Able to completely Design all the Electrical drawings i.e., Lighting Layouts, Block Diagrams, Wiring Diagrams, Grounding Layouts & Details, Schematic Grounding Layouts, Cable and Conduit Schedules, Power, Area classification Plans, Telephone, PA system, Motor controls and Cathode Protection.
- 2007-2009 **JACOBS JACOBS (DCSA)** CADD OPERATOR
Microstation producing all types of Pipeline drawings for SAUDI ARAMCO Work in the design of gathering systems, trunk line system, distribution system and pumping stations
- 2010-2011 **JGC JGC - Gulf International Co. Ltd.** CADD OPERATOR
I worked Autocad & Microstation producing all types of Electrical drawings for SAUDI ARAMCO Offshore Maintain Potential Project. Able to completely Design all the Electrical drawings i.e., Lighting Layouts, Block Diagrams, Wiring Diagrams, Grounding Layouts & Details, Schematic Grounding Layouts, Cable and Conduit Schedules, Power, Area classification
- 2012-2017 **Freelancer** CADD OPERATOR
- 2018- **ARO - Aramco Rwoan Offshore** CADD OPERATOR
I worked Autocad & Microstation producing all types of Electrical drawings for SAUDI ARAMCO Offshore Maintain Potential Project. Able to completely Design all the Electrical drawings i.e., Lighting Layouts, Block Diagrams, Wiring Diagrams, Grounding Layouts & Details, Schematic Grounding Layouts, Cable and Conduit Schedules, Power, Area classification
