Brief Summary

Mechanical Engineering Graduated With associated Degree with oilfield experience in Drilling bits from Schlumberger. Responsible for Dealing With Bottom hole assemble related to Bits in Rig and controlling Drilling parameter

EXPERIENCE

JUNE 2019 – OCT 2020

FIELD SPECHALIST, SCHLUMBERGER

I have Worked Under segment of Bits and Drilling tools as Bit Runner

-Responsible for Make Up Drilling bit to finish the section to TD with various type of bits (PDC,TCI) In Oil well and Gas well

-Responsible for control drilling parameter and Improve Drilling performance to get lowest cost for client

Responsible to Deal With client to choose best bits for better performance depends on the application and place that we need to Drill

EDUCATION

2016-2019

ASSOCIATE DEGREE, JUBAIL INDUSTRIAL COLLAGE

Mechanical Maintenance engineering Technology With GPA: 3.13/4.0

Some important courses taken in collage :

Pumps , compressor, hydraulic and pneumatic, Plant Maintenance

SKILLS

- Can Deal and work with most type of drilling bits and learn more in Oilfield in any area
- Have ability to use computer with Emails and Microsoft skills
- Background on all type of maintenance related to Mechanical
- Deal with client in Rig site and keep in touch with office
