

# FADHEL AL MOHAINI

## OBJECTIVE

I am seeking an opportunity to ensure that my academic degree is applied in the place I work in. I am organized, goal-oriented individual that is looking forward to expanding my knowledge and help getting the work done optimally. I am willing to work in different work rotations and additional time to ensure high productivity level. I want to utilize my knowledge along with the skills that I acquired in professional work environment.

## EDUCATION

**Associate Degree of Mechanical Maintenance Engineering Technology**  
Jubail Industrial College **2019 – 2022**

**High School- Scientific Track**  
Al Mubaraz Secondary School **2016 - 2018**

## EXPERIENCE

**COOP Student | Saudi Aramco**  
12/06/2022 – 29/09/2022

I finished my training as COOP student at Saudi Aramco company. I was in Transportation and Heavy Equipment Maintenance Department. I was able to see how innovative companies operate. Also, as a COOP student I was responsible for the condition of fire trucks along with the heavy equipment like generators, cranes, and forklifts. When I was there. I was able to employ my academic knowledge and what I have studied into an actual work.

**Salesman | Extra Co.**  
17/ 02/2020 – 17/05/2020

During the part-time job at Extra Co., I was assigned to sell TVs to customers. I acquired a list of skills when I was there including customer services, persuasion, and how to deal with audience.
