- Individual and team work skills.
- The ability to learn new skills.
- Arabic & English.

Certification

- OSH Certification (Kawader program)

Two online certificates from The Knights of Safety Academy's free website:

Education

2017-2021

Higher Diploma of safety: (Safety Technology)
Dammam Community College (DCC) – KFUPM
with cumulative GPA: (3.31 of 4).

Experience

06/2021 to 08/2021

Summer training:

Summer Training at the CMCI (construction material chemical industries)
Dammam, SA.

During the summer training I learned:

- How to operate a fire pump individually.
- How to set up or choose an important topic in a toolbox talk.
- How to inspect daily to ensure the safety of the work environment.
- How to identify hazards that could potentially lead to a serious injury.
- Ability to prepare a report on the potential hazards that could cause an accident.
- The ability to use a fire extinguisher and know the types.
