## C COVER LETTER

Dear Sir or Madam,

I am writing to apply for the position of Motion Graphic Designer at your organization.

This's Ramy, I have a courses that included a variety of computer-based classes that focused on the use of computer-aided design software, creating videos, interactive media and video and audio editing procedures. Other courses that helped prepare me for this position include typographies, color and camera applications and lighting.

I'd really describe myself as a person with a versatile skill-set, a lot of integrity and a willingness to go the extra mile to satisfy a customer. I have also done projects for many international institutions. I particularly enjoy paring down the story to its essential visuals so the impact is as clear as possible.

My experience includes seven years of fieldwork as a video editing and motion graphics for a leading film industry. My resume contains a portfolio with samples of my work that includes two and three dimensional animations and storyboards along with references from professionals that will attest to my credibility.

My personal skills include being creative and having the ability to use good judgment and make great decisions that will benefit production. It also includes being a great communicator with active listening skills and the ability to stay positive when receiving negative feedback. I also have the ability to stay focused and organized while working in this fast-paced environment, which can often be very stressful due to the tight deadlines.

My energetic and outgoing personality makes it easy to make that connection with other professionals in the field and I am very detail-oriented. I have a good understanding of the industry and strong business skills that include marketing, management and financial concerns.

You can contact me for an interview by calling **(+2)-01141240210** and I am excited about the opportunity to possibly work for your company.

*Ramy Mosaad Mohamed*

*Sincerely*  
*Ramy Mosaad Mohamed*
