## PROFESSIONAL SUMMARY

I pursued my diploma in Aviation Firefighting from International College of Engineering and Management in Oman. My goal is to earn my bachelor's degree in firefighting as I develop my experience with its applications in the industry. I am looking for the opportunity that allows me to gain knowledge and experience. I also look forward to applying what I learned and be a value creator as firefighting is my passion. I manage to work under pressure as well as I am an effective team player.
