

Rawan Alsharif, Mathematics, Banking and Investment

8283 King Faisal, Riyadh, Saudi Arabia, +966582862123, Lbhdyjz@hotmail.com

Profile

I've always found numbers to be the most intriguing language of all, my BSc in pure mathematics enhanced my knowledge of calculus, advanced algebra, as well as statistics and probability. Since then, I've been aiding the youth acquire knowledge of math creatively on an international level. Currently, I'm expanding my horizons by pursuing a diploma in banking and investment.
