

Bader Al-Boridi MCIPS

Procurement Manager

Qualified Procurement Manager specializing in Purchases and supply chain management in a complex aerospace industry, with invaluable knowledge of managing projects, resources and staff in an effective and efficient manner. Boasting a consistent of successfully employing best business practices that improve efficiency, reduce operating costs whilst increasing performance, all to tight time scales and within budget. I can formulate and drive a consistent approach towards all sourcing, purchasing and tendering activities, so as to ensure value for money is maximized and cost savings generated. Proven ability of ensuring that a company enjoys a distinct competitive edge in comparison to competitors through securing the best processes, quality and terms from the suppliers. I am an expert at delivering individual solutions to specific problems, something I do by combining ingenuity and integrity, will always ensure that all purchasing activities support and strengthen the strategic objectives of the overall organization.
