SUMMARY

Highly-skilled cyber security specialist adept in protecting and securing data and computer systems. Committed to providing security implementation and support including in-depth analysis, planning and preparation.

EDUCATION

Diploma of Cyber Security
Al Qussaim university • 2023

EXPERIENCE

Cyber Security
Al Qussaim university

December 2022 – March 2023

- Completion of a four-month training in the field of cyber security and passing through the departments Penetration Testing. Networks Department Operating Systems Department.
- I learned to configure peripheral keys a week to access remote network files.
- How physical protocols and data link layer protocols support the process.
- Configure routers to enable end-to-end connectivity between remote.
- Successfully conducted penetration tests to identify security vulnerabilities for IT networks, systems, and applications, identifying and resolving over 52 security issues.
- Auditing and analyzing system, network, application and database security configurations to ensure compliance with security and business requirements.

PROJECTS

Intrusion detection system model

Al Qussaim university • May 2022 – November 2022

- Developed and tested a intrusion detection system model to accurately detect and classify malicious network traffic, achieving 95% accuracy for malicious traffic.
- Designed and tuned a supervised. machine learning model to improve accuracy of the intrusion detection system while optimizing system latency and costs.

COURSEWORK

Business basics
Maximus • 2023

Switching, Routing, and Wireless Essentials
Cisco • 2023

Introduction to Networks
Cisco • 2023

Introduction to IoT
Cisco • 2022

Digital Forensic Detective
2022

NDG Linux Unhatched
Cisco • 2020

NDG Linux Essentials
Cisco • 2020

Introduction to cyber security
Cisco • 2019

Programming Essentials in Python
Cisco • 2019

SKILLS

Hard skills : MS Office, Checkpoint firewall, Linux/CLI/SSH, VMWARE

Soft skills : Goal oriented, teamwork, communicative, inquisitive

Information Systems

Computer Skills

Scripting

Extensible Markup Language XML

Languages: Vulnerability Assessment, Python, Javascript, Css, Html
