

ABOUT ME

A technician graduated from Yanbu technical institute with a 3.57 out of 4 (Excellent) with advanced diploma in safety (OSHA). I have formed a strong basic knowledge on the fundamental of maintenance, calibration, process control, PLC programming, P&ID plans and drawings, automation systems. I have led the process of the graduation project used timeline and tasks distribution depends on individuals skills. I have led volunteers groups and technical clubs. Part of LabTest medical volunteering group as a designer.

EDUCATION

Yanbu Technical Institute /2019-2020

Diploma in industrial instrumentation maintenance. Graduated with GPA of 3.57 out of 4 (Excellent)

EXPERIENCES

Calibration: I've calibrated pressure, temperature, electrical and frequency signals using BEAMEX #MC5P.

Electrical connecting: worked with electrical components and connections.

Diagrams: I have created P&ID diagrams using Visio software, as well as I have inspected a Duplex strainer plant simulator

Designer: I work as a free lancer designer when I have time.

CERTIFICATES

Occupational Safety and Health 10/2018

Advanced Diploma

-National association of safety professionals
-Credentialed ID: 523175

Leadership Essentials 8/2020

-Doroob

Introduction to human resources functions

-Doroob 8/2020

Personal Productivity 8/2020

-Doroob

PROJECTS

Diploma's technical project

Multi-process control, Two tanks filled with Liquid controlled by temperature controller and switch level controller while pressure is monitored.
